## INTRODUCTION

Baokang Group Co., Ltd was set up in 1986, it is a large multi-run Chinese and foreign ventures specialized researching, developing, producing and selling stainless steel vacuum containers.

Our group company possess 550 million yuan of total assets, covers an area of 113,000 square meters, construction area 80,000 square meters and more than 1500 employees. It has developed a large scale company, with complete production establishments, and any other OA establishments. In the whole group, there was RMB550 million selling amount, exported more than USD 40 million; paid more than tax of RMB 30 million. And we will try to get the production value of RMB700 million. Currently we have passed the ISO9000, ISO14000, OHSAS18000, and ISO/TS16949 quality & management system certification. We organize marketing representatives go to America, Europe and other countries to research the market, extensive collection of consumer and investigate the customer's individual requirements, so that to make the company's products more professional and personalized.

Company's products conform strictly to GB/T2828.1, GB9684, GB4239, GB9687, and QB/T2332 and other countries and industry standards, especially in the heat-insulation performance of areas such as physical and chemical properties, index exceeds the domestic competing products' and international standards, say, the U.S. FDA, CP 65; Europe REACH; Germany LFGB, PAHS, etc.

We have also introduced international advanced painting production lines and surface treatment equipment of silk printing, laser engraving, heat-transferring, water transferring, air-transferring, which effectively beautifies the products and enhances the products' grade.

The staff in Baokang company will offer you satisfied service and give you the quality products with the idea of "practicality innovation, unity and progress", we look forward to your visit.

Manufacture The Quality Life

## CERTIFICATES

The quality is a concrete thing, it's the result of a specific project together with a secure system of production, organization and management of the company.

The best quality is our target forever, and also the reason why we've got so many international certifications

We respect and protect our employee. In our company we make sure that the work conditions are safe, following the law.
